

AMERICAN COLLEGE
of NURSE-MIDWIVES

ADVOCATING FOR
HEALTH EQUITY

Dear _____:

To help provide _____ and our clients with the best evidence-based care, I would like to attend the American College of Nurse-Midwives' (ACNM) 64th Annual Meeting & Exhibition, which will be held May 18-23, 2019 in the Washington, DC area.

The ACNM Annual Meeting is the primary continuing education, networking, trade exposition, and business meeting for certified nurse-midwives (CNMs) and certified midwives (CMs) and other women's health care providers, attracting more than 2,000 attendees. The meeting includes more than 22 hours of continuing education on pregnancy, birth, reproductive health, and the primary health care needs of women across the lifespan. Many education sessions also provide CEs related to pharmacology. ACNM also offers half- and full-day workshops for hands-on educational opportunities. In addition to a strong clinical focus, the ACNM Annual Meeting provides education on health policy topics, business management, and marketing and communications to support successful midwifery practices. My registration fee will include access to audio recordings of several education sessions after the meeting, as well as speaker handouts, which will be shared with colleagues after the event. In addition, attending the ACNM 64th Annual Meeting is integral to professional growth, and affords the opportunity to receive valuable clinical and practice updates. This will be of benefit to the organization _____, our practice _____, and those we serve. Thank you for your consideration of this request.

Sincerely,

A PDF of the program will be provided.
