JOIN US!

The American College of Nurse-Midwives invites you to join us for the ACNM 65th Annual Meeting & Exhibition, May 29–June 2, 2020 at the JW Marriott in Downtown Austin, TX. The ACNM Annual Meeting & Exhibition is the premier continuing education, networking, clinical, and business meeting for certified nurse-midwives (CNMs) and certified midwives (CMs) nationwide.

ABOUT ACNM
The American College of Nurse-Midwives (ACNM) is the professional association that represents certified nurse-midwives and certified midwives in the United States. ACNM sets the standard for excellence in midwifery education and practice in the United States and strengthens the capacity of midwives around the world.

ABOUT CNMS/CMS
Certified nurse-midwives and certified midwives are primary care providers for women throughout their lifespan, with a special emphasis on pregnancy, childbirth, and gynecologic and reproductive health. Over 95% of CNM and CMs attend births in hospitals. Additionally, they are experts in women's health who:

- Are licensed health care providers with prescriptive authority in all 50 states, the District of Columbia, and US territories.*
- Practice alongside physicians and other providers as integral members of the health care team.
- Provide care, support, and advice during pregnancy, labor, and the postpartum period, as well as care for newborns.
- Perform a full range of primary care services as well as gynecologic care including family planning services, Pap tests, perimenopausal care, and breast cancer screenings.
- Prescribe medications including controlled substances and contraceptive methods; admit, manage and discharge patients; order and interpret laboratory and diagnostic tests; and order the use of medical devices.
- Provide health promotion and disease prevention services.
- Focus on helping women make informed decisions, often creating bonds of trust and support that are increasingly rare in health care today.

* Because CM is a newer, equivalent pathway to midwifery, it is not yet reflected in all state legislatures. CMs can practice in New Jersey, New York, Rhode Island, Delaware, Maine, and New York.

Certified nurse-midwives and certified midwives attended 9.3% of all US births in 2015 and more than 12% of all vaginal births. That represents over 339,000 new babies, and the numbers are on the rise!
